

Juan Pablo & Marianela GARCIA

It is incredible how fast this year is passing. Many things have changed, but God, Who has called us, is always faithful. He has not changed and His love endures forever.

Peru continues in the midst of a health crisis due to the COVID 19 pandemic, although with fewer cases, but there is also a political crisis that leads to a social crisis. They have vaccinated the majority in the country and are now announcing a third dose, although we still have no confirmation of it.

Joaquín and Leonardo are excited about the possibility of returning to in-person classes, but for now Marianela continues to homeschool. I, Juan Pablo, continue with the ministry trips to the mountains and trying to find time to help the local church during their time without a senior pastor.

During this last trip we have not only continued teaching participants to develop important skills for self-sufficiency, but we have also been able to deliver new modules for hydroponic crops, while others are already producing lettuce. Also, the cooking and pastry classes have continued.

Now he who supplies seed to the sower and bread for food will also supply and increase your store of seed and will enlarge the harvest of your righteousness. You will be enriched in every way so that you can be generous on every occasion, and through us

your generosity will result in thanksgiving to God.

This service that you perform is not only supplying the needs of the Lord's people but is also overflowing in many expressions of thanks to God. Because of the service by which you have proved yourselves, others will praise God for the obedience that accompanies your confession of the gospel of Christ, and for your generosity in sharing with them and with everyone else.

2 Corinthians 9 :10-13 NIV

For His Glory,

Juan Pablo, Marianela, J. Joaquín & P. Leonardo García.

PRAISE GOD ...

- For the blessing of being able to celebrate the life of Juan Joaquín, who turned 11 on November 9th.
- And thank God for Joaquín and Leonardo, that in the midst of their differences and personality clashes, they are growing well and hearing from the Lord.
- Thank God that we have been able to repair the car in time for the rainy season, which has already started in the mountains, but not yet in the jungle.
- Thank God for the chance I had to help rebuild the deck at TEC mission. It was a nice time working with my old colleagues. We still do not know what God has for us in that direction, but we are attentive and always ready to be channels of blessing.
- Thank God for the team of professionals who are always motivating people in the YAPEY programs.

PLEASE PRAY ...

- For a good end-of-the-year closing of the YAPEY training programs.
- That our God allows me to continue speaking freely about salvation in Jesus Christ, as there are limitations because YAPEY receives funds from the Swiss government.
- For our participation in the local church to continue to be a blessing for domestic and married couples.
- That God shows us His plans regarding the Misión TEC campus. (Which Kids Alive returned the management of this property to the Thomas and Garcia families).
